Mission: Find a style unit and a femme personality that have in common, a flair for understated trend-setting individualism. No sweat. We present: Front Row X The Analog Girl.

Welcome to a fresh and exciting retail concept on 'The Hill'. Take a seat (in the front row of course) and relish in trend-setting threads, as you savor fine coffee and treats from Dean & DeLuca from New York, no less. Labels showcasing their collection includes: A.P.C. / Fab & Jo / Kim Jones / Project Alabama / Twinkle by Wenlan / UMBRO by Kim Jones / Woods & Woods Pour Femme

Then allow us to take you up the 2nd floor. Convertible spaces make way for a VIP salon for private collection viewing, and a small gallery space for art and design showcase. Round up your trip on the 3rd floor, as you take in the quaint view. Soon, you'll be invited back to let loose your hair up here in the spacious open air. It'll be so packed; you might have to teeth through to the front row. Till then, pick up some fabulous pieces styled with flair - the FL.ag way.

Front Row is housed at No.5 Ann Siang Road.
